Alex Rahman

+880 1711 555 210 — alex.rahman@example.com — alexrahman — alexr — Dhaka, Bangladesh

Skills

Languages	Rust, Go, Python, SQL	**Tools**	Git, Grafana, Terraform
Infrastructure	PostgreSQL, Kafka, Kubernetes, Docker	**Tracing**	OpenTelemetry

Experience

Northwind Logistics 2021 – present
Senior Software Engineer Dhaka, Bangladesh

- Led the migration of 12 backend services from Python to Rust, one service at a time, without a single customer-facing outage during the move.
- Cut p99 latency of the routing API from 480 ms to 95 ms.
- Introduced structured logging and distributed tracing across the routing services, so most incidents can now be diagnosed from a single dashboard.

Brightline Health 2018 – 2021
Backend Engineer Remote

- Built the appointment scheduling service used by 40 clinics.

Projects

tracewire
Open-source Rust crate

- An open-source Rust crate for propagating trace context across async tasks, with about 900 GitHub stars.

Education

University of Dhaka 2014 – 2018
B.Sc. Computer Science
